

## An **SOS** from Vantine – Save Our Seniors

**A message to all organization's who have not yet had their photography session for this year's Composite.**

You can ensure this year's Composite by making sure all new members submit a photo so we may continue the process, and the tradition of your Greek chapter's legacy.

**Do not deprive your seniors of their last personal copy, or leave a gaping space on the wall where your Composite should be proudly displayed.**

**Vantine will work harder than ever to create your 2020 Composite.**

For more than 80 years, Greek Composites by Vantine has served the Greek Community and we will continue to do so in these times of uncertainty to ensure that you and your members will not miss out due to the COVID-19 pandemic. We are committed to providing the products and all-inclusive services you depend on. As our dedicated staff works remotely, we have implemented strategies and safeguards that will allow our customers to continue and finalize the Composite process, so your organizations history continues to hang proudly, without skipping a year.

**In the upcoming weeks, your assigned Composite Professional will be reaching out to gather the information needed to fulfill our commitment to you.**

**All organizations who have not yet had their photography session will receive the following:**

- **FREE Previous Year Images \***  
The awesome pose you choose for last year's composite will be used for this Spring's Composite at no charge, saving your organization the \$12 fee per each member.
- **FREE photo Submission for New Members \***  
To achieve the best results for submitting your own picture, a Step by Step guideline will be available.
- **FREE Senior Mailing \***  
All seniors will receive their personal copy shipped directly to their home address free of charge. Normally a \$9.99 value.
